

Environmental Policy

Spacechameleon Adventure Co

Created; Aug 2014

Created by; Sven Borg (Owner & Lead Guide) 0423 182 663

Mission Statement

Spacechameleon Adventure Co recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers and suppliers to do the same.

Responsibility

Spacechameleon Adventure Co is responsible for ensuring that the environmental policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Policy Aims

We endeavor to:

- Comply with and exceed all relevant regulatory requirements.
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Incorporate environmental factors into business decisions.

Paper

- We will minimise the use of paper in the office.
- We will reduce packaging as much as possible.
- We will seek to buy recycled and recyclable paper products.
- We will reuse and recycle all paper where possible.

Energy and Water

- We will seek to reduce the amount of energy used as much as possible.
- Lights and electrical equipment will be switched off when not in use.
- Heating and cooling will be adjusted with energy consumption in mind.
- The energy consumption and efficiency of new products will be taken into account when purchasing.

Supplies

- We will evaluate if the need can be met in another way.
- We will evaluate the environmental impact of any new products we intend to purchase.
- We will favour more environmentally friendly and efficient products wherever possible.
- We will reuse and recycle everything we are able to.

Transportation

- We will reduce the need to travel, restricting to necessity trips only.
- We will make additional efforts to accommodate the needs of those using public transport or bicycles.

Maintenance and Cleaning

- Cleaning materials used will be as environmentally friendly as possible.
- We will only use licensed and appropriate organisations to dispose of waste.

Fire

No fires allowed in fire-sensitive habitats and vegetation.

No fires allowed in fire risk areas.

All fires to be monitored at all times and extinguished properly.

Only dead wood from ground is to be collected for firewood.

Existing fire pits are to be used where possible, otherwise minimal impact fires only and buried where possible.

All waste from cigarettes to be carried out

Petroleum and other flammable substances are not to be used when lighting fires

All vehicles carry a fire extinguisher

NO RUBBISH TO BE BURNT

All clients to be thoroughly briefed.

Rubbish

All rubbish is to be separated into general waste, recycling and compost, and carried out.

Toileting

Use facilities where possible, otherwise a 15cm deep hole will be dug to the level of the decomposition layer, and all waste deposited within.

Treading Lightly

All Paths are to be adhered to where possible.

Camping to be done on pre-existing sites and hardened areas where possible.

Flora and Fauna to be respected and not interfered with.

Group sizes to be kept small.

Monitoring and Improvement

We will comply with and exceed all relevant regulatory requirements.

We will continually improve and monitor environmental performance.

We will continually improve and reduce environmental impacts.

We will incorporate environmental factors into business decisions.

Culture

We will work with suppliers, contractors and sub-contractors to improve their environmental performance.

We will use local labour and materials where available to reduce CO2 and help the community.
